Of course, thank you for helping us out. I will also speak with Susie to let him know if he does harass your staff then they will not be able to clean because it compromises their safety. I appreciate your help with this.

Thanks again,

No, I don't need the address. He harrasses our staff every time they set foot on that side of the street (even to clean) and we have several complaints from our team about his inappropriate behavior. I will ask them to go but please keep in mind that if staff feel unsafe they will not be able to clean.

Yes, this is the same owner who asked if we may move the showers elsewhere. Do you need the address?

Is this the same business owner complaining about the trailer?

I do not know if he is threatening your staff; however, he is concerned about the area and the trash that the encampment brings.

Hello Sarah,

I had a question regarding Paxton / Bradley. The owner of Classic Distributing Co. has asked the council district if it was possible to have both sides of the streets cleaned by sanitation as there are transients from the encampment that hang out in front of his establishment and leave trash / debris. Can sanitation do it or does it have to be street services?

Lastly, I was wondering if you were able to help me out with this Service Request #1-1587462431. The illegal dumping is at [13599 Lexicon Pl](#) which is a dead end but the closest address that 311 allowed me to use was [13501 Lexicon Pl](#).

Thank you,
